

Hello,

I am writing to ask you NOT to weaken Wisconsin's no call list. Before the list was enacted, my family received 2 to 6 calls a day from telemarketers hawking their wares. This has been decreased to 2-3 a week thanks to the no call list. My family's time together is very important and we appreciate not being interrupted during our dinner or while helping the kids with their homework. If anything, add charities and political parties to the ban.
